19 AMENDMENT OF TARIFF CHARGES FOR THE ISSUING OF CLEARANCE FIGURES

1 STRATEGIC THRUSTS

The City identified eleven (11) Priority Areas that the SDBIP, IDP and budget aim to achieve. The applicable priorities for this Report are:

Priority 1- Good governance;
Priority 2- Financial sustainability

2 OBJECTIVE

The purpose of this report is to table the proposed tariff for the cost of the administration and certificate fee on clearances for manual and electronic applications be increased in respect of the 2021 / 2022 financial year.

3 BACKGROUND

The current fees payable for a manual clearance figure application is R168.84 (Excl. VAT). A further R85.41 (Excl. VAT) is payable for the printing of a clearance certificate once clearance figures have been paid.

Electronic applications, an application fee of R44.40 (Excl. VAT) is charged for the figures and R29.20 (Excl. VAT) for the certificate is charged. The reason for the higher manual fee is to encourage the attorneys to make use of the electronic facility and to minimize the fraud risk.

This amount should be increased by projected inflation. Therefore, the tariffs for the financial year 2021 / 2022 will be increased as follows:

Manual clearance figure application: R176.10 (Excl. VAT)
Manual printing of clearance certificate: R89.08 (Excl. VAT)
Electronic figure application: R46.30 (Excl. VAT)
Electronic printing of clearance certificate: R30.87 (Excl. VAT)

This translates to a 4.3% increase on the previous year's tariff charged and is in line with CPI projection

(1) Legislative Requirements

The Municipal Finance Management Act (MFMA) provides a framework for the preparation of municipality's budgets, section 21 of the MFMA is the primary provision relating to the municipal budget process. It requires the Mayor to coordinate the processes for preparing the annual budget and for reviewing the

GROUP FINANCE

Integrated Development Plan (IDP) and budget related policies to ensure that the tabled budget and any revisions of the IDP and budget-related policies are mutually consistent and credible.

(2) Underlying budget principles

- Departments and MEs are required to justify their 2021/ – 2021/22 medium term budget requests by providing detailed information of the cost.
- Ongoing costs should be funded with ongoing revenues. Align continuing expenditures with continuing revenues, on a level that can be reasonably sustained and reduce reliance on one-time funding
- Revenue forecasts should be neither overly optimistic nor overly conservative. Should economic downturns develop which could result in revenue shortfalls; the City will make adjustments in the anticipated expenditures to compensate for the shortfall in revenue to protect the net operating margin.

(3) Assumptions and Key Parameters:

(a) CPI is estimated at:

- 4.2% - 2020/21
- 4.4% - 2021/22
- 4.5% - 2022/23
- 4.6% - 2023/24

4 POLICY IMPLICATIONS

The proposal is in line with the City of Johannesburg's guiding principles on the determination of tariffs in that tariffs should be equitable and affordable.

5 FINANCIAL IMPLICATIONS

A tariff increase to R176.10 (Excl. VAT) payable for a manual clearance figure application is being proposed for the financial year 2021/2022. A further R89.08 (Excl. VAT) shall be payable for the printing of a clearance certificate once clearance figures have been paid.

Electronic applications, an application fee of R46.30 (Excl. VAT) for the figures and R30.87 (Excl. VAT) for the certificate will be charged. The reason for the higher manual fee is to encourage the attorneys to make use of the electronic facility and to minimize the fraud risk.

6 ECONOMIC IMPLICATIONS

The issuing of a clearance allows a consumer to transfer property. The payment of the outstanding clearance amount, which is the consumer debt on the account aids in the collection of revenue. The collection of revenue allows the City to implement various Economic development Initiatives, develop skills and create jobs within the City.

7 COMMUNICATION IMPLICATIONS

The relevant information regarding the tariffs will be communicated to all the role players in the manner as prescribed by law.

8 LEGAL AND CONSTITUTIONAL IMPLICATIONS

The report is in line with sections 11(3)(i) , 21 21 and 75A of the Municipal Systems Act 32 of 2000.

The report is also in line with sections 17(3)(a)(ii) and 22(a) 24(2)(c)(ii) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003)

It should though be kept in mind that by virtue of Section 28 (6) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003), once the new tariffs have been determined in respect of the 2021 / 2022 Financial Year, it may not be further increased during that financial year, except when required in terms of a financial recovery plan as contemplated in the Act. For that reason it is essential to ensure that the proposed increases comply with the budgeted needs of the Council in respect of 2021 / 2022 Financial Year.
