How to . . .

Motivate your employees

- There are many opinions on how best to motivate employees in order to get your organisation on track for productivity. Paul Burden, vice-president of Sage People, says management “can use the team’s collective motivation to drive people forward in the right direction, by setting goals and identifying a stretch target.”

In the following article, willingness are not interested in guarantees, they want to feel that the company value their contribution, and that they are making a genuine impact on the business. This is a recipe for success. Business leaders must focus on protecting their collective performance.”

- Managers may have their own issues such as time, pressure to deliver results, or a lack of resources. They need to develop a strategy that will empower their team. They must also provide feedback and support.

- Managers must also ensure that their employees are motivated, happy and comfortable in their role. They must also provide opportunities for growth.
